

Below you will find the directions to contract with the U.S. Army Corps of Engineers. They are the lead Federal agency assisting our State increase the capacity of our healthcare system to battle the COVID-19 pandemic.

The U.S. Army Corps of Engineers (USACE) is prepared to assist the nation in time of crisis to the very best of its abilities. USACE is working with the White House, Department of Defense, and other Federal, State, and Local Partners in response to the COVID-19 Pandemic. They are appreciative of prospective contractors for their willingness to help the country in its efforts to combat and recover from COVID-19.

For contractors interested in working with the U.S. Army Core of Engineers (USACE) in order to help the country in its effort to combat and recover from COVID-19, follow these steps:

1. Register within the System for Award Management (SAM)

at: <https://sam.gov/SAM/pages/public/index.jsf>

2. Within SAM's Disaster Response Registry, you can register your company's unique capabilities at: <https://sam.gov/.../pages/.../searchRecords/advancedDRSearch.jsf>

More information about contracting with USACE is available on our website here: <https://www.usace.army.mil/Business-With-U/Contracting/>

Information about our Small Business Program can be found here: <https://www.usace.army.mil/Business-With-US/Small-Business/>

Subcontracting opportunities are usually done in partnership with larger companies. The Small Business Association can best help with that issue: <https://www.sba.gov>

If you are interested in providing build out or retrofit of existing facilities into Alternate Care Facilities please send your Capability Statement to COVIDContracting@usace.army.mil. This e-mail address has recently been created and there may be a glitch on the first day.
